Mohammad Jakaria Istauk

WordPress Engineer

Mirpur-1, Dhaka, Bangladesh | jakariamd35@gmail.com | +880 1516 160957 | jakaria.com.bd | profiles.wordpress.org/jakariaistauk

PROFESSIONAL SUMMARY

WordPress Engineer with 7+ years of experience engineering high-performance plugins, scalable React frontends, Node.js services, and autonomous agentic AI workflows. Proven record delivering mission-critical web software powering 2M+ active websites globally. Core contributor across 5 major WordPress releases with expertise bridging CMS platforms and modern automation.

WORK EXPERIENCE

Software Engineer — ThemeXpert

Sep 2026 – Present

- **WPSubscription:** Lead core architecture and feature development for WPSubscription (wordpress.org/plugins/subscription), engineering subscription management, recurring billing lifecycles, and payment gateway integrations.
- **Doel AI Agent:** Engineered an autonomous AI assistant for WPSubscription operating across Telegram and Discord to handle client queries, validate reported issues, create GitHub issues, draft candidate PRs, and fully automate release changelogs and newsletters.

WordPress Developer — WPDeveloper

Mar 2022 – Jul 2026

- **Essential Addons for Elementor (2M+ Installs):** Engineered features, performance enhancements, security hardening, and backward compatibility across major WordPress and Elementor updates.
- **FigWP:** Built a Node.js/TypeScript platform for Figma-to-Elementor design conversion; engineered user credits, sales and import systems, and AI-assisted Elementor widget generation.
- **BookClub:** Developed an internal corporate book management platform using Node.js, TypeScript, and React to organize, track, and manage company book inventory.

Jr. Software Engineer — Codexpert

Aug 2019 – Feb 2022

- **CoDesigner:** Engineered WooCommerce builder widgets for Elementor, dynamic responsive templates, and React-based settings UI.
- **WC Affiliate:** Developed a comprehensive WooCommerce affiliate marketing plugin from scratch, enabling merchants to launch customizable affiliate and referral programs.
- **Security & Checkout:** Engineered per-role widget visibility access controls (Restrict Elementor Widgets) and streamlined 2Checkout payment gateway integration flows.
- **Full-Stack Builds:** Acted as sole engineer delivering bespoke full-stack PHP, WordPress, and JavaScript solutions.

Jr. Software Architect — Agemark Technology

Feb 2019 – Jul 2019

- Collaborated on application architecture, normalized data models, and backend RESTful services.

OPEN SOURCE & CONTRIBUTIONS

- **WordPress Core Contributor:** Recognized contributor across 5 WordPress releases (6.1, 6.2, 6.3, 6.4, 6.9).
- **WordPress.org Published Plugins:** Tablentor (1K+ active installs), WPSubscription, and EditorX.
- **Bengali Translation Editor (GTE):** 13+ WordPress projects localized across Core, Photos, and Polyglots teams.
- **Strata:** Developed a self-hosted database UI built with TypeScript over a PHP/PDO REST API.

COMMUNITY LEADERSHIP & SPEAKING

- **WordCamp Table Lead:** Table Lead at WordCamp Rajshahi 2026 and WordCamp Kolkata 2022.
- **Speaker & Community:** Featured Speaker at Elementor Bangladesh Meetup; participant at WordCamp Asia 2023 and WordCamp Dhaka 2025.

TECHNICAL SKILLS

- **WordPress Ecosystem:** Gutenberg blocks & patterns, Block API, REST API, Plugin Architecture, WP-CLI, i18n/L10n, Elementor Addon Architecture.
- **Frontend:** React, JavaScript (ES6+), TypeScript, SCSS/Sass, Tailwind CSS.
- **Backend & Database:** PHP (OOP, PSR standards), Node.js, Express, Laravel, MySQL, PDO.
- **AI & Automation:** Claude Agent SDK, LLM Function Calling, Autonomous Triage Bots, Multi-Platform Agents (Telegram/Discord), Automated Code Synthesis & PR Generation.
- **DevOps & Tooling:** Git, GitHub Actions, CI/CD, wp-env, Composer, npm/yarn, Linux, Trac.

EDUCATION

- **MSc in Computer Science & Engineering:** Daffodil International University · 2021
- **BSc in Computer Science & Engineering:** Daffodil International University · 2018
